

Three more skills built and validated.

Skill	Purpose	Lines
brudo-map-interrogation	Closed-Loop Map Interrogation — reject answers that only sound complete; force resolve / unresolved / physical reality / human action / measurement / falsifier / affected person / abstractions reopened	79 · PASS
brudo-her-claim-audit	HER rewrite rules + 12-level claim ladder — actor before abstraction, tissue before diagnosis; symbolic/rhetorical cannot impersonate established	81 · PASS
brudo-evidence-ranking	Outcome over maintenance — lexicographic selection tuple, defeated-candidate reasons, dry-run first; no decorative priority scores	81 · PASS

brudo-legal-filing-atlas · brudo-mechanistic-rendering · brudo-respiratory-adaptation · respiratory-adaptation-canon · critical-infrastructure-cyber-resilience

These three close the remaining teaching-thread controls: map interrogation, HER/claim typing, and objective-governed ranking.

Still open: the two respiratory skills still overlap. Say the word and I'll consolidate them into one canonical skill.
