

Three remaining gaps filled.

Gap	Why it was open	Skill
Pedagogical protocol (scaffolding fade, blind transfer, explanatory-loss)	self-discovery designs experiments; the apprenticeship <i>protocol</i> that reduces Bruce burden was missing	brudo-cognitive-apprenticeship · 72 · PASS
Production claim registry as recoverable object	source-custody + HER supply rules; the registry itself (SEED/PRODUCTION, stale_after, referential integrity) was missing	brudo-claim-registry · 62 · PASS
Explicit neighboring-map contracts	work-panel referenced overlap; silent inheritance still possible without a first-class contract object	brudo-overlap-contract · 66 · PASS

Stack now (35)

Executive — authorized-initiative · objective-control · operating-status · human-burden · return-gate · stale-recovery

Pedagogy / epistemic — cognitive-apprenticeship · self-discovery · map-interrogation · her-claim-audit · claim-registry · evidence-ranking · source-custody · lexitek · promotion-asymmetry · coordinate-class-break · lexical-technology · trie-causal-canon

Structure — work-panel · overlap-contract · campaign-package · archive-ingest

Respiratory specialists — respiratory-adaptation · hannahs-law · breath-year · fwocr · progressive-overload-airway · functional-grail-surface · late-bound-symbolism

Domain panels — legal-filing-atlas · lrd-pcmm · mechanistic-rendering · semiconductor-supply-chain · critical-infrastructure-cyber-resilience

respiratory-adaptation-canon remains the deprecated alias.

Major structural and pedagogical gaps from the teaching thread and archives are now closed.
